Updated Federal Poverty Guidelines and Suggested Social Services Fee Schedule

TOPIC

Updated Federal Poverty Guidelines (FPG) and suggested social services fee schedule.

PURPOSE

The Federal Poverty Guidelines are published to meet the terms of [Minnesota Statutes, section 256M.60, subdivision 6](#), which states that county boards cannot charge social services fees to persons or families whose adjusted gross household income is below the FPG.

The suggested fee schedule for Minnesota is updated annually. It can be adopted, referenced, or used in conjunction with other county fee schedules.

TERMINOLOGY NOTICE

The terminology used to describe people we serve has changed over time. The Minnesota Department of Human Services (DHS) supports the use of "People First" language.

I. Poverty Guidelines for 2021

The federal 2021 poverty guidelines were published in the “Federal Register” at [2021 Federal Poverty Guidelines](#).

The poverty guidelines are updated periodically in the **Federal Register** by the U.S. Department of Health and Human Services (DHHS) under authority of [42 U.S.C. § 9902\(2\)](#).

The DHHS 2021 poverty guidelines for the 48 contiguous states and the District of Columbia are as follows. The figures represent annual income:

Persons in family/household	Poverty guideline
1	\$12,880
2	\$17,420
3	\$ 21,960
4	\$ 26,500
5	\$ 31,040
6	\$ 35,580
7	\$ 40,120
8	\$ 44,660
For families/households with more than eight persons, add \$4,540 for each additional person.	

II. Social Service Fee Schedule

This bulletin provides information county human services agencies need to comply with [Minnesota Statutes, section 256M.60, subdivision 6](#). This statute specifies that county boards must not charge social services fees to persons or families whose adjusted gross household income is below the poverty level established by Federal Poverty Guidelines. The statute is cited below:

Subdivision 6. Fees for services. The county board may establish a schedule of fees based upon clients' ability to pay to be charged to recipients of children and community services. Payment, in whole or in part, for services may be accepted from any person except that no fee may be charged to persons or families whose adjusted gross household income is below the federal poverty level. When services are provided to any person, including a recipient of aids administered by the

federal, state, or county government, payment of any charges due may be billed to and accepted from a public assistance agency or from any public or private corporation.

This fee schedule has been designed to accommodate affordability, stability and progressivity. Also note, fees shall not exceed the cost of providing a service.

Adopting this schedule does not prohibit a county from using other fee schedules based on ability to pay for social services or programs, establishing property limitations, or limiting the liability of third party contributors. It is within the authority of county boards to establish fees for higher income clients not covered under this recommended fee schedule.

The suggested schedule is not to be used to establish income eligibility or fees for those social services with provisions specified in law or rule, such as:

- The Consolidated Chemical Dependency Treatment Fund
- Clients of the Child Care Assistance Program
- Cost of services for certain children in 24-hour care outside the home
- Those determined eligible for Medical Assistance without consideration of parental income or assets
- Children from birth through age 2 who receive case management services at no cost to the parents.

Prior to the Children and Community Services Act (CCSA) of 2003, county social service agencies submitted their biennial Community Social Services Act plans, including social service fee schedules and policies, for approval by the Minnesota Department of Human Services (department). Under the Vulnerable Children and Adults Act (VCA), which revised and replaced CCSA, fee schedules are not required to be approved by the department. County agencies have discretion on fee policies within the law.
